

MANUFACTURING THE FUTURE OF **SOLAR FOUNDATIONS**

ABOUT US

Shree Deepak Industries is a trusted name in precision engineering and industrial manufacturing, known for delivering high-performance, durable, and reliable solutions across multiple sectors. With a strong focus on innovation, consistency, and customer-centric processes, the company has built a reputation for excellence within the engineering and manufacturing ecosystem.

With over Six decades of industry experience, Shree Deepak Industries has continuously evolved with technological advancements and market demands. Our long-standing presence reflects not only our commitment to quality, but also our in-depth understanding of customer requirements and industry dynamics.

We proudly serve as a preferred OEM partner for leading national and global brands, providing them with engineered components that meet rigorous standards of performance and durability. These collaborations speak to our credibility, manufacturing capability, and technical expertise.

Over the past years, Shree Deepak Industries has demonstrated exceptional growth, expanding its production capacity, strengthening its technological infrastructure, and consistently meeting high-volume demands without compromising on precision or quality.

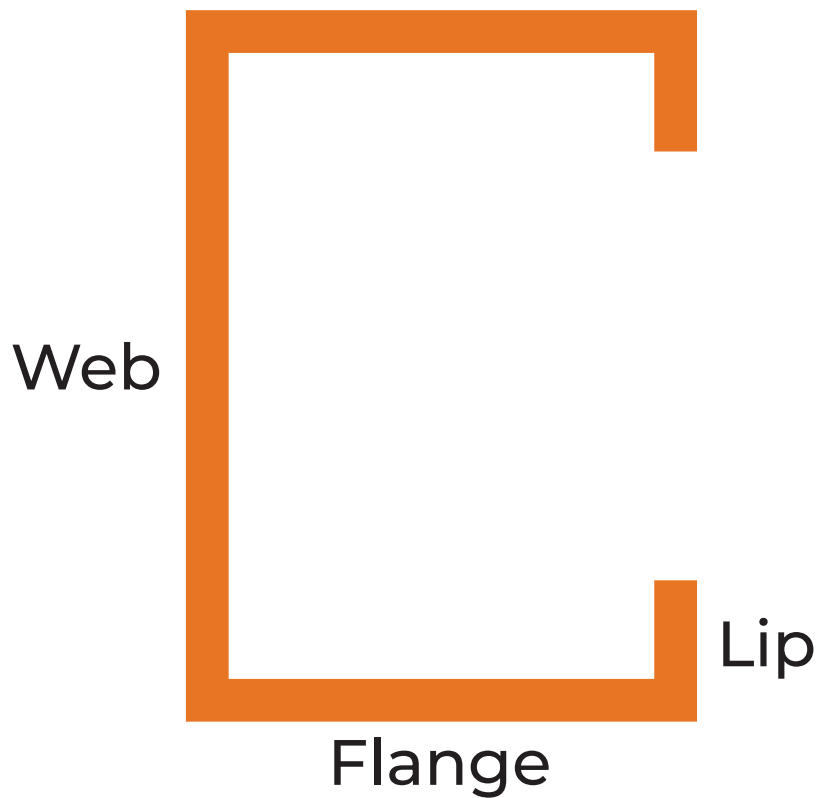

Our growth journey highlights our ability to scale sustainably while delivering unmatched value to clients.

At Shree Deepak Industries, our mission remains clear: to engineer products that stand the test of time and drive industry progress.

C-PURLIN

PRODUCT SPECIFICATION

Thickness	1.00mm - 3.00mm
Web	70mm - 350mm
Flange	25mm - 125mm
Lip	0mm - 35mm
Length	as per requirement
Finish	Pre-Galvanised / Galvalume / Hot-dip / Magsure / Magnelis
Yield Strength	240 - 550 Mpa

HAT-PURLIN

PRODUCT SPECIFICATION

Height	60mm - 120mm
Thickness	0.8mm - 2mm
Web	40mm - 60mm
Flange	22mm - 26mm
Lip	0mm - 10mm
Length	as per requirement
Finish	Pre-Galvanised / Galvalume / Hot-dip / Magsure / Magnelis
Yield Strength	240 - 550 Mpa

Deepak Industries, Powering Solar Projects with *Precision* and *Strength*

Innovative Steel Solutions for Solar Structures

Why Choose Deepak Industries?

-  **20,000 MT Manufacturing Capacity.**
-  **Cutting-Edge Machinery** and Advanced Engineering.
-  Strategic Factory Location for **Timely Delivery.**
-  **Dedicated Customer Service:** From Concept to Completion.
-  **Precision-engineered solar structures** for rooftop and ground-mounted systems.
-  **Designed for durability and resilience** in all weather conditions.
-  **Versatile Solutions** for all project sizes, from small installations to large solar farms.
-  **Raw material** availability by direct company sourcing.

What we offer?

- **Solar Module Mounting Structures - From Columns to Purlins.**
- **Substation Structures and Cable Trays.**

Customer-First Approach:

- **On-time Delivery:** Strategic factory location ensures efficient logistics.
- **Personalized Service:** We work closely with you to meet your project's unique needs.
- **Sustainability:** Supporting green energy with every structure, saving 1,200 MT+ CO2 annually

Ready to Elevate Your Solar Project?
Let SDI help you build a sustainable future with
Precision-engineered steel solutions.
